Signup test report

A new agency completed all four profile steps and email verification on the live site.
The portal returned the agency saved by this run.

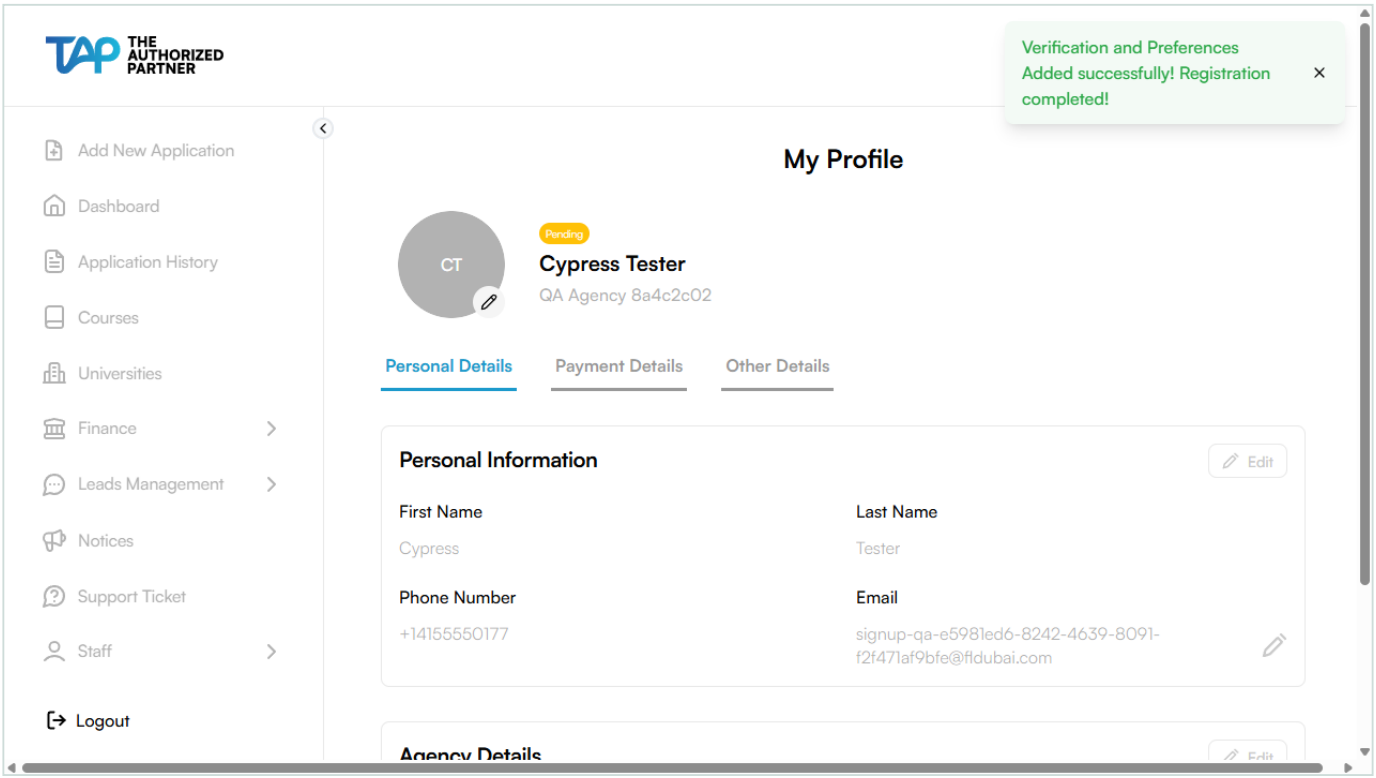

RESULT	TESTS	SUITE TIME
Passed	**1 pass / 0 failures**	**35.578 s**

What the test verified

Account	The phone check passed and the six-digit email code unlocked agency details.
Agency	Agency details and professional experience advanced to the preferences form.
Submission	The preferences and document upload endpoints both returned HTTP 2xx.
Profile	The profile API returned HTTP 200 and included QA Agency 8a4c2c02.

Final profile

The site confirmed registration. The agency's review status was Pending.

RUN ENVIRONMENT

Windows | Node.js 22.22.0 | npm 11.11.0 | Cypress 15.21.1 | Electron 37.6.0

Unattended command **npm test** Site authorized-partner.vercel.app
